About Us

At eNom, we make it simple to set up shop online. Our tools and services help new and experienced users establish a compelling online presence and get the most from their web sites. With just a few clicks, eNom users get everything they need to set up shop online quickly and easily—from domain registration to personalized email to Web hosting and more. eNom products and services grow with our customers, giving them the flexibility and control to customize their services whenever, wherever they like.

The most reliable DNS array in the industry.

eNom services set new standards for reliability, thanks in part to redundant name servers dispersed around world. Each server has multiple high-bandwidth Internet connections, back-up power, security, and access to three different major Internet backbones. This powerful system enables to handle millions of transactions with no interruption in service.

Server	Name

This co-branded service will present your offer to the owner and help you negotiate the best price, even if the domain name is not listed on Afternic. You remain anonymous until an agreement is reached.

Then, you send your payment to Afternic and we do not release your funds to the seller until the domain is safely transferred to you. This DNescrow™ process guarantees that you will receive the domain or a complete refund.

enom works with Afternic to help customers acquire their desired domain names, even if those names are already registered.

What you offer is exactly what you pay. Offers must be at least \$200 USD.
